MISSING INFORMATION:

Narrative & Supporting Documents

Did you get a letter from the Administrator saying your Claim Form is missing your Narrative and Supporting Documents? Your letter should include the section of your Claim Form that needs to be completed. Claim Forms missing information cannot be assessed.

Your Narrative should include a description of harms, frequency, impacts, names, places, and dates related to the incidents. If applicable, also include descriptions of any medical attention you sought due to abuse or harm experienced at the school.

This can be the most difficult section to fill out, and we encourage you to reach out to hopeforwellness.ca for support, if you need it.

Here's what you need to do

Add your Narrative with as much detail as you are able to remember.

You can also add supporting documents including school records, medical records and any other records that show you attended a school and any harm you suffered.

Do you have any supporting documents?

Yes

No

Photocopy all documents.

Attach your records or Sworn Declaration to the letter to your letter and send your completed form by mail, fax or email:
