

FEDERAL INDIAN DAY SCHOOL CLASS ACTION

MISSING INFORMATION: School Details

Did you get a letter from the Administrator saying your Claim Form is missing your school name and the years you attended?

Your letter should include the section of your Claim Form that needs to be completed.

Here's what you need to do

To find the information you need:

1

Go to
indiandayschools.com
[or campaign landing page]

2

Click on
Schedule K
in Quick Links

3

Find your school name
and see if the years listed
are the same as the years
you went there

If your school is on the list and the years match the ones when you were there, add that information to the form. The school name you write in the form must match the name you see in the first column of Schedule K, even if you call your school by a name that appears in the second column or another name.

If your school is NOT listed or the years don't match, you may not be eligible for compensation under this settlement. To be sure, contact Class Counsel. Phone: 1-844-539-3815.

Send your completed sections and any additional information requested by mail, fax or email:
