

FEDERAL INDIAN DAY SCHOOL CLASS ACTION

MISSING INFORMATION: Missing Signatures

Did you get a letter from the Claims Administrator saying your Claim Form is missing signatures? Your letter should include the section of your Claim Form that needs to be completed. Claim Forms with missing information cannot be assessed.

     **Here's what you need to do.**     

If your signature or your witness signature was missing, you will need to fill out Part Three of the Claim Form.

If your guarantor signature was missing, you will need to fill out Part Six of the Claim Form (the Sworn Declaration).

Fill out your Claim Form completely, including the signatures and dates for both you and your witness. Your witness can be anyone over the age of majority.

You will need your Guarantor to provide their full address, contact details, signature, and date. (A list of eligible guarantors is available at indiandayschools.com)

Send your completed sections and any additional information requested by mail, fax or email:
