Re: Day School Class Action Settlement

Please accept this letter as our statement of support of the proposed Settlement Agreement in the McLean Class Action. We believe that this settlement is the best chance we have to finally hold Canada accountable for the harms inflicted at day schools and to bring compensation to survivors and their families.

It is our understanding that this claims process will be different than the one used in the Residential Schools process. The proposed settlement provides that there is an assumption that a Claimant is acting honestly and in good faith. Also, the settlement includes that any doubt as to whether a Claim has been made will be resolved in the Claimant's favour.

We are grateful that Gowling WLG created a compensation process that is efficient, culturally sensitive and designed to help us rather than challenge us at every opportunity.

Thank you so much.

Sincerely,

Chief Shelley Sabattis
